AT 9:15 P.M. ON AUGUST 6, 1930, New York State Supreme Court Justice Joseph Force Crater was seen in midtown Manhattan near the intersection of 8th Avenue and West 45th Street. Then, the judge disappeared forever. On the coast, in Hollywood, California, in 1922, film director William Desmond Taylor was found dead, shot in the back in his own home, yet no one was ever charged for his murder.

We report a method to convert discrete representations of molecules to and from a multidimensional continuous representation. This model allows us to generate new molecules for efficient exploration and optimization through high-dimensional spaces of chemical compounds. A deep neural network was trained on hundreds of thousands of existing structures to construct three coupled functions: an ...

The "contents" of a society are never simply a set of objective qualities like the chemical composition of gases or the forces operating on celestial spheres. For the purposes of analysis, the contents of society can sometimes be viewed in this way, as in the positivist perspective, but in reality, they are imbued with social meanings ...
